The portable diffuser

The Stele ScentyS diffuser has a handle that makes it easy to move to different locations to suit the user's mood, diffusing the fragrance evenly from any position. Its intuitive interface makes it extremely easy to use. A 1 L fragrance bottle allows 3 months of use.

The unit includes an R'Pulse 150 pump connected to a diffusion head with a micro-nebulization system, suited for spaces of up to 200 square meters. Diffusion intensity is adjustable and a built-in programmer allows users to program the days and times when the unit switches on.

- Homogenous diffusion with no droplets released
- Portable device
- Suitable for spaces up to 200 sq. m.
- Ideal for shops, offices and events
- Diffusion technology based on micro-nebulization
- Made in France
